Until the paperless office arrives smart document filing is a great time and money saving solution

SMART DOCUMENT FILING can offer you numerous space and time saving solutions, allowing you to win back up to 245% of your valuable floor space.

SAVE UP TO:

- 40% SEARCH TIME
- 45% ARCHIVING SPACE
- 100% OF FILING RELATED STRESS

Office space is valuable and your archives are, by definition, non productive. Therefore it is cost efficient to limit your storage and archive space to a minimum. And to be time efficient you also need to organise your archives optimally so that no valuable time will be lost in searching for documents.

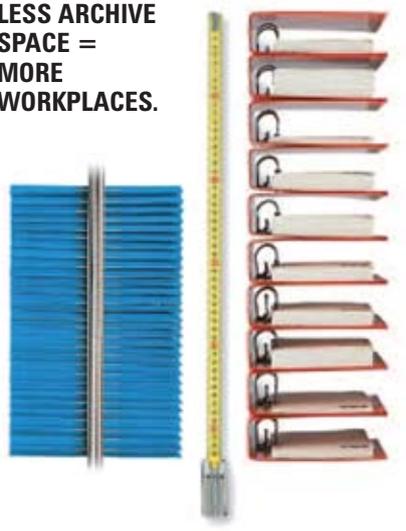

SMART DOCUMENT FILING is an innovative type of document and file management system.

Many key features are unique to **SMART DOCUMENT FILING** - exclusive solutions which have revolutionised the way smart people organise their archives.

Literally hundreds of smart solutions that are certain to suit your business processes and can even be tailored to meet your specific demands.

**LESS ARCHIVE
SPACE =
MORE
WORKPLACES.**

Call us now to make an appointment to find out all the possibilities **SMART DOCUMENT FILING** can offer you and how many square inches of office space you can regain from your archives.
