Premier Selection

The most popular items from our range

Workbenches

Modern factory and workshop environments have many requirements for modular, sturdy workbenches. We offer many workbench options with a choice of hardwood multiplex or lino faced worksurfaces.

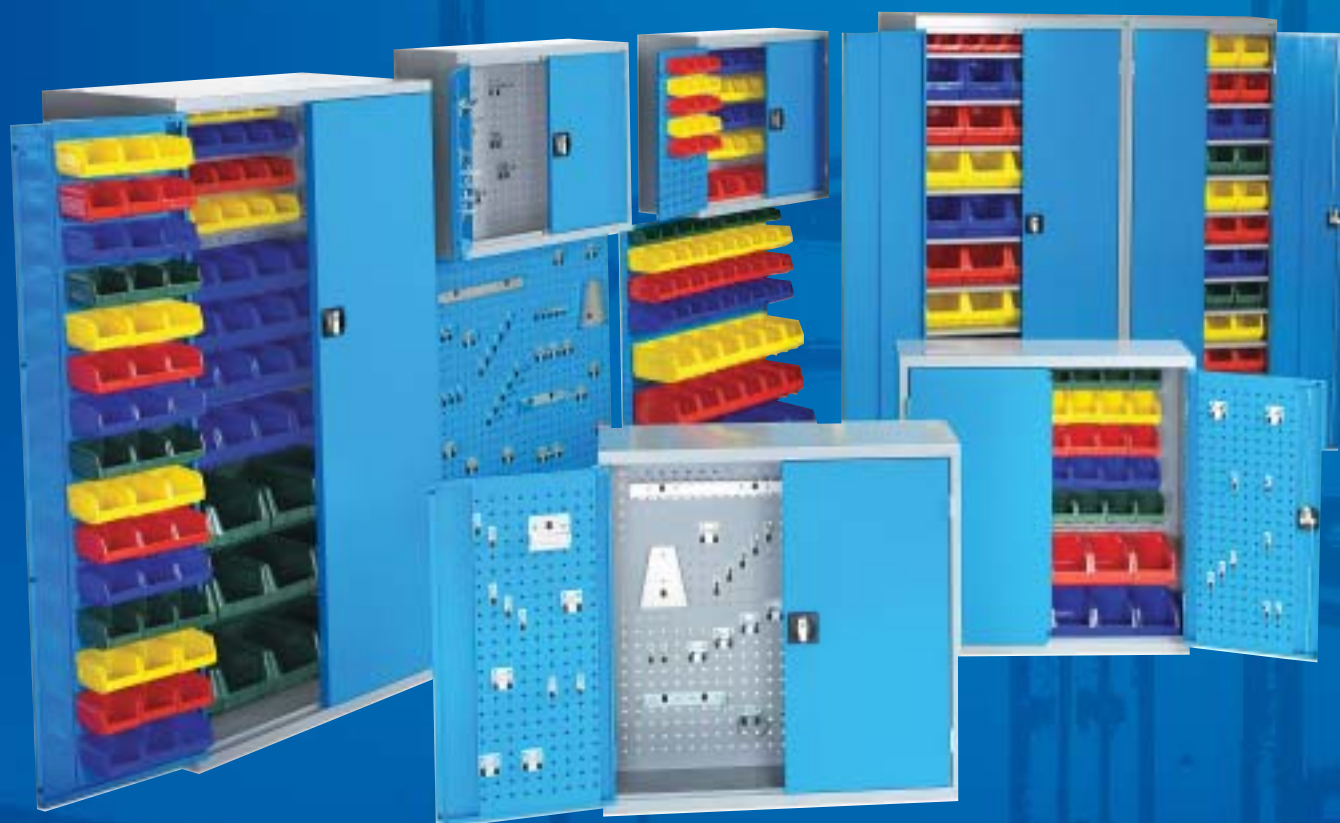

Drawer units shown share the design used throughout our cabinet range and may be fitted with the divider kits listed.

Perfo Panel System

The Perfo panel system is designed for open plan storage of tools and components.

At the core of the range are simple but robust steel storage panels and our huge selection of hooks, clips and storage accessories.

Cupboards add safety and security by storing items in a closed and lockable environment.

Model	Height (mm)	Width (mm)	Depth (mm)	Description	Order ref.	Price £

Cupboards & Shelving

Bott standard duty cupboards are perfect for general storage. For heavy duty applications our DS models are available with internal panel and drawer options allowing a compact store or mini workshop to be created.

Bott Shelving is a simple system built around our standard modular sizes.

All items are manufactured to true industrial standards to offer many years of reliable service.

F	1000	1000	325	hazardous substance store with sump and 2 shelves	10018398.12	256.93

Drawer Cabinets

Both drawer cabinets create a safe and efficient working environment and improve the look of the working area. Fully lockable they increase security and all items are kept free from contaminants.

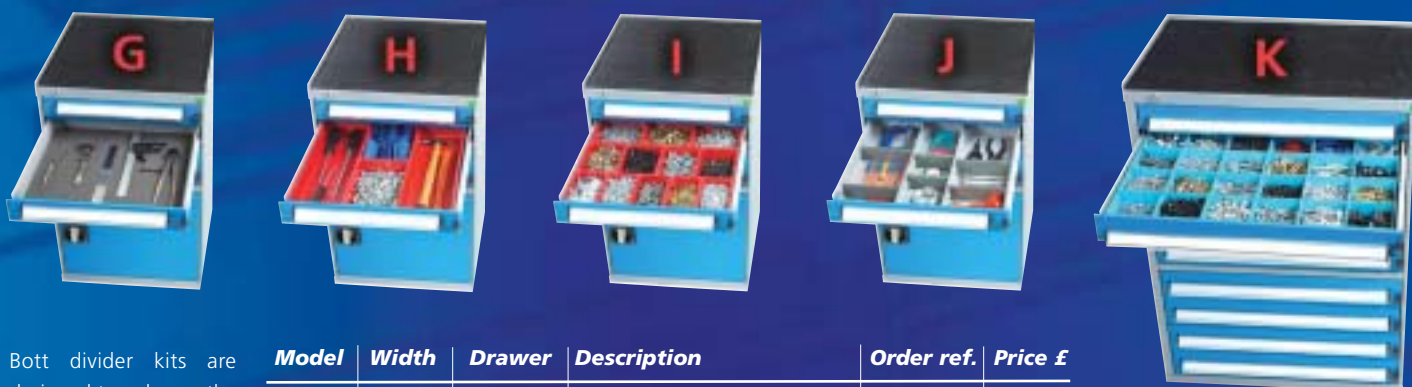

The many size and format options allow the perfect model to be selected for your application.

Drawers are fully divisible with the kits shown to further improve space utilisation.

Model	Height (mm)	Width (mm)	Depth (mm)	Description (Drawer size // Cupboard size)	Order ref.	Price £
